With Family

Because we place the family at the heart of our concerns, we ensure that you and your children have everything you need when you stay in our region!

To get your holiday off to a good start, you need to choose the right [accommodation](#) [1]! Your budget, the

type of accommodation and its location... are all factors to be considered. On our website you will find our list of [hotels](#) [2] (ideal for town-centre locations and shopping areas), [gîtes](#) [3] and [chambre d'hôtes](#) [4] (good options for a country getaway), and campsites (perfect if you like the great outdoors and sleeping under canvas), as well as some less conventional options (if you dare!).

We know that family life is no bed of roses year-round, so if you want your holiday to be a proper getaway with no meals to prepare, or if you simply want to enjoy an evening savouring the local cuisine of Normandy, you will find among our [restaurants](#) [5] the perfect ones to meet your needs and desires.

Between the D-Day beaches and Mont Saint Michel, Saint-Lô Agglo is not only a vast playground providing all kinds of [leisure opportunities](#) [6] for both children and adults, but also a place of culture and history, thanks to our [heritage features and museums](#). [7]

Our land also caters for hikers, with numerous [walking itineraries](#) [8] to be enjoyed by all the family. Whether you prefer [walking](#) [9], [horseriding](#) [10], [cycling](#) [11], [canoeing](#) [12] or any other means, there is always a path worth exploring here, to enjoy at your own pace.

For a souvenir to take home with you, visit our [local producers](#) [13] or the boutiques at our tourist information offices.
